Dear [Editor's Name],

RE: Submission of Manuscript to [Journal name]

We wish to submit an original research article entitled: ["Name of article"] for consideration by [Name of Journal]. We confirm that this research is original and has not been published elsewhere, nor is it currently under consideration for publication elsewhere.

In this paper, we report on [One-to-two sentence summary of the article]. We report that [Key findings of the manuscript]. This is significant because [Research and practical significance of the research].

We believe that this manuscript is appropriate for publication by [Journal Name] because [Justify how you think the article fits the scope of the journal or why it would be useful to readers of the journal].

We have no conflicts of interest to disclose.

Please address all correspondence regarding this manuscript to the corresponding author at [email address of the corresponding author].

We thank you for your consideration of this manuscript.
